Key Stage 3 Art Sketchbooks

We are keen to ensure that every student at Stretford Grammar School has the opportunity to develop their Art skills as much as possible. To this end, we are making available specialised Art Sketchbooks for students in Year 7. It is intended that these sketchbooks will contain artwork done both at home and school.

The sketchbooks are of superior quality. They are hard-backed, contain paper suitable for both dry and wet work and contain enough pages to ensure that they will last for at least two academic years. They are slightly smaller than A4, so should not cause any difficulties in transporting to and from school. They are gold foil blocked on the cover with the school name.

For this sketchbook we charge **4.00**. We order in bulk from our supplier and so this price is considerably lower than an individual product of equal quality bought from a high street shop.

Mathematics Casio FX83GTX Scientific Calculator

Students are expected to have basic mathematical equipment, i.e.:

- Ruler
- Protractor
- Pair of compasses
- Scientific Calculator (we recommend Casio FX83GTX)

A scientific calculator is needed in Year 7. School is able to purchase Casio FX83GTX calculators at a discount and offers them to students at a price of **£10.00** each.

Payment can be made for all items online
